## Active/Inactive Handicaps

The English Golf Union and English Women's Golf Association have launched a system that identifies the competitive nature of all members with a CONGU handicap.

As of 1<sup>st</sup> January 2010 all members are required to return at least 3 qualifying scores (supplementary scores included) per year in order to have an Active Handicap. Those who fail to return the stipulated number of scores will still retain a CONGU handicap but will be prevented from entering certain events where an Active handicap is required as part of the entry conditions.

### **SO WHAT DOES THIS MEAN FOR LA MOYE MEMBERS**

The Handicap Committee, which looks after both Ladies and Men's handicaps wants to ensure that there are as few restrictions as possible to members playing in competitions but at the same time working with National, County and Island Unions to ensure certain types of competitions or matches are categorised as requiring "Active Handicaps". To this end it has been agreed that all "Open" competitions, all competitive matches against other clubs, The Podmore Gold Medal Mixed Foursomes and Ladies EWGA Medal Competitions will require an "Active Handicap" All other Club Competitions, which is the bulk will be open for players with "Active" or "Inactive" handicaps. Please see list below for full details.

Players should be aware that most clubs in the UK and in the Channel Islands are likely to stipulate that players must have "Active handicaps to participate in their "Open" Competitions.

During the main playing season next year La Moye will be running extra Ladies & Men's competitions on Sundays where there will be no reserved tee times but you will be able to sign in to enter in the Pro Shop, which will give players greater opportunity to obtain an "Active " handicap.

Match & Handicap Committee
