

NOTICE TO OUR MEMBERS

MEN'S MAIN TROLLEY ROOM CLEARANCE

The bi annual 'spring clean' of the Main Trolley room is to take place on **Wednesday 17th February.**

We will be moving **ALL** of the trolleys out of the room on that day, and into the indoor practice facility so that the room can be reorganised and thoroughly cleaned.

We would like all trolleys to be **LABELLED and NAMED** to enable us to identify owners and make life easier both for you and for us.

As you are all aware the space is limited and to be as fair to as many members as possible the following rules will apply: -

1. In future only trolleys that can be fully folded to take up space equivalent to a standard Hill Billy trolley or Standard Power Caddy Trolley will be allowed in the main trolley room.

2. Other trolleys will have to be stored at home or in member's cars.

3. Any trolley found not to be named or not meeting the size criteria will be removed.

Could we ask our members to please either label their trolley themselves or come into the practice facility (after the 17th) to identify and then label their trolley and they can then return it to the trolley room.

Please print your name on the label and affix using an appropriate luggage or permanent marker (we can supply the marker pen).

Any old or unlabelled trolleys left in the practice area after the end of April will be disposed of at the Club's discretion.

Thank you for your cooperation in this matter.
